Gateway Films and Atlas Independent are producing the film, currently in post. Atlas retains North American rights.

Luke Treadaway (pictured) stars as a young man who gets pulled into a plot to rob an illegal casino owned by the men responsible for the death of his parents.

Emily Atack, Marek Oravec, James Cosmo, Richie Campbell, TJ Ramini, Terry Stone and Craig Fairbrass round out the key cast.

Sacha Bennett is directing from a screenplay by Walther Tylaur and Ramini. Stone and Nick Simunek are producing and William Green and Aaron Ginsberg serve as executive producers.

"We are delighted to be working with Gateway Films, Atlas Independent, Terry Stone as well as Nick Simunek, with whom we collaborated on the terrific 2008 action-thriller *Blood And Bone*, which we sold out internationally," Ed Noeltner of Beverly Hills-based Cinema Management Group said.

"We expect [Get Lucky](#) to have the same level of international success as it has all the ingredients that international buyers are looking for these days."
