Cinema Management Group has signed on as the international sales agent for *Ratchet & Clank*, a 3D CG animated feature from Rainmaker Entertainment and Blockade Entertainment.

The Beverly Hills-based sales company plans to premiere new footage from the film at the European Film Market next month in Berlin.

Based on the best-selling PlayStation video game franchise, the film is already well into production at Rainmaker's Vancouver headquarters for an early 2015 release.

- "This film does exactly what an animated feature is supposed to do. It builds fantastic worlds and
- tells the kind of fast paced action adventure stories that audiences love. Taking this beloved
- PlayStation franchise and turning it into a 3D animated feature so that more people can discover
- these fascinating stories and its unique universe is a true collaboration," said Rainmaker
- Entertainment President and Executive Producer Michael Hefferon.

Here's a look at the trailer for the film:
